

**MEDIA RELEASE
6 JULY 2020**

**NOTICE OF SCHEDULED WATER DISRUPTION TO IMPLEMENT CRITICAL ASSET
REPLACEMENT AND IMPROVEMENT WORKS AT SUNGAI SELANGOR PHASE 3
WATER TREATMENT PLANT**

Kuala Lumpur - Pengurusan Air Selangor Sdn Bhd (Air Selangor) announced today that at 9.00 am on 14 July 2020, the Sungai Selangor Phase 3 Water Treatment Plant (SSP3 WTP) will be temporarily shut down in order to replace certain critical assets and carry out several improvement works. As a result of this temporary shutdown, 290 areas in Petaling, Klang, Gombak, Kuala Lumpur and Kuala Langat regions will experience temporary disruption in water supply.

The duration of the disruption will vary throughout the affected areas and will depend on the location of the customers' premises. The SSP3 WTP is expected to recommence distribution of water supply at 9.00 am on 15 July 2020. By 9.00 am on 16 July 2020, it is expected that 48% of the affected areas would have received water supply. By 9.00 am on 17 July 2020, water supply recovery rate is expected to have reached 80%. Water supply is expected to recover fully by 5 pm on 17 July 2020.

Air Selangor will mobilise a total of 91 water tankers to the affected areas with priority given to critical premises, which include hospitals and dialysis centres. Mobilisation to other premises will commence on 16 July 2020. We therefore urge customers in the affected area to store some water prior to the commencement of the scheduled water disruption and consume water prudently during this period.

Beginning 16 July 2020 until 17 July 2020, Air Selangor will make available eight *Pusat Khidmat Setempat* (PKS) and six Public Water Taps for residential customers that need water before the resumption of normal water supply. As for commercial customers, they can purchase water at two water filling stations using their respective water tankers. Commercial customers can make payments for the purchase of water at all ten (10) Air Selangor customer service counters. The complete list and locations of the affected areas, PKS, Public Water Taps and Water Filling Stations are attached to this press release and are also available on Air Selangor's social media channels, website and Air Selangor App.

The critical asset replacement and improvement works of the SSP3 WTP will enable the plant to operate more efficiently and ensure that all equipment is in good working condition.

For more information, customers can refer to the Air Selangor website or the Air Selangor application, available to download from both Google Play Store and Apple App Store.

- END -

Attachment 1:
List of Areas Affected
PETALING REGION
9:00am (14/7/2020) to 9:00am (17/7/2020)

1	Aman Putri
2	Bandar Puchong Jaya
3	Denai Alam
4	Hicom Glenmarie
5	Hyatt Saujana
6	Jln. Puchong Batu 7 to Batu 13
7	Jln. Subang Airport
8	Kg. Bohol
9	Kg. Lembah Kinrara
10	Kg. Tengah Puchong
11	Lembah Subang PJU 1A
12	One Puchong
13	Pinggiran USJ
14	Pinggiran USJ 3
15	PJS 1 to PJS 11

PENGURUSAN AIR SELANGOR SDN BHD (“AIR SELANGOR”)

Beginning 13 September 2019, Pengurusan Air Selangor Sdn Bhd (“Air Selangor”) is the sole licensee that provides water supply services to more than 2.4 million user accounts in Selangor, Kuala Lumpur and Putrajaya. Air Selangor acquired Syarikat Bekalan Air Selangor Sdn Bhd (SYABAS) on 15 October 2015. SYABAS has ceased operations since 13 September 2019.

The cooperation of all parties to change and use the new logo of Air Selangor as attached is greatly appreciated.
