

HEALTH, SAFETY AND ENVIRONMENT POLICY

PENGURUSAN AIR SELANGOR SDN BHD (Air Selangor) is committed in ensuring the safety, health, environment and welfare of all employees, contractors, consumers, visitors, members of the public and related parties. This policy is formulated in accordance with the legal requirements in Malaysia.

To execute the policy successfully, we intend to:

- ❖ Recognize health, safety and environment objectives as an integral part of its business performance.
- ❖ Formulate and implement policies and procedures that comply with all applicable health, safety and environment laws and related requirements that meet national and international standards.
- ❖ Continually implement, improve and update the Health, Safety and Environment Management System.
- ❖ Provide a platform for staff participation and involvement in health, safety and environment practices.
- ❖ Monitor related activities and perform regular surveillance with a view to prevent untoward incident, injury, illness at workplace and impact of pollution to environment.
- ❖ Investigate any accident and use all relevant information to prevent similar incident reoccurrence.
- ❖ Maintain a safe and conducive working environment.
- ❖ Periodically review and improve the health, safety and environment policy, objectives and targets while ensuring they are understood by all employees and made available to all interested parties.

While the management of Air Selangor is responsible to achieve the above policy, all employees, contractors, consumers, visitors and other related parties are required to cooperate with Health, Safety and Environment Section's personnel. It is of utmost importance that all employees apply the best practices in performing their work with minimum risk to themselves and others.
